

Red Embassy in Berlin Hurls Charges at West

By SEYMOUR TOPPING

BERLIN (AP)—The Soviet Embassy in East Berlin held its first news conference in four years today in an effort to dramatize Russian charges that West Berlin is a hotbed of Western spies against the Russian Communist regime.

The Soviets trotted out two Russians — a 29-year-old Soviet army lieutenant and a Moscow circus acrobat — who they claimed had deserted to the West, broadcast for the Americans and then had a change of heart.

Russian spokesman J. W. Buturov charged that a Western campaign of anti-Soviet propaganda and activity to undermine the Soviet government is "not only endangering the Soviet Union and the other Socialist (Communist) lands but also all humanity."

The news conference, attended by more than 300 Western and Communist newsmen, was another step in the new Soviet offensive to drive Allied occupation forces out of West Berlin.

Buturov said international tension would be eased if the West stopped trying to send Russian emigre spies into the Soviet Union.

Earlier today Pravda, the Soviet Communist party newspaper, charged that West Berlin was a hotbed of espionage activity against the Soviet bloc.

The Soviet campaign against the Allied occupation already has won a significant propaganda victory for Nikita Khrushchev.

New Missile Set Off on Monday Night

CAPE CANAVERAL, Fla. (AP)—A mighty Atlas intercontinental ballistic missile thundered into space Monday night, but the Air Force was silent today on the fate of the giant war rocket.

If the 100-ton missile hit its target, the United States took another great step forward in its campaign to develop a carrier that can drop a nuclear warhead on any target on earth.

There was official silence, however, after the Atlas blasted off at 11 p.m.

The three engines of the Atlas built up more than 350,000 pounds of thrust before the missile was released. The brightness of its exhaust flames almost blinded viewers, then watching from a platform three miles from the launching pad.

The thunder of the rocket's engines shook this area as the Atlas climbed straight upward for about a minute, then curved gracefully away to the southeast.

Four minutes later, it resembled a great star hanging in the sky. Thirty seconds later it vanished from view as its fuel burned out.

Reportedly, this Atlas was aimed for a target 3,000 miles down the Atlantic Ocean tracking range.

5 Candidates Tell Stand on Integration

LITTLE ROCK (AP)—Five of 14 candidates for the Little Rock School Board issued statements last night declaring that they were believers in segregation and would "not voluntarily integrate" the public schools.

The state, divided among five of the six school board seats, added that they would "never initiate any action to implement or expedite integration." The five candidates reportedly were recruited by a group of downtown businessmen who had sought to keep the old school board intact.

Five school board members resigned last week, leaving only one member left — Dr. Dale Alford, who soon will vacate his seat for Congress.

The number of board candidates for the Dec. 6 school election was cut from 14 to 5 by the withdrawal yesterday of Mrs. John Wesley Clayton, whose husband still is a candidate. Mrs. Clayton Continued on Page Two

Confederate Home Asks for \$42,780

LITTLE ROCK (AP)—The Arkansas Confederate Home today asked the state Legislative Council to approve a \$42,780 annual budget.

The funds would be used to care for 19 widows and daughters of Confederate veterans.

Mrs. Leah Harkey, superintendent, said the population of the Confederate Home had declined from 29 persons in the past two years but no corresponding reduction in the budget request is about \$3,500 less than last year's appropriation.

Age of the persons now at the home ranges from 71 to 102 years, and most of them are bed patients, Mrs. Harkey added.

The council also received a request from the Veterans Service Office for \$51,400 a year for that facility and \$47,000 a year for the Child Welfare Division. Both amounts are about the same as the current appropriations.

Four other budget requests were scheduled for hearing today. They were:

White Boys Industrial School \$14,000, Negro Boys Industrial School \$95,000, State Training School for Girls \$48,300, and the Fargo Negro Girls Training School \$60,500.

Would Make Medical Center Independent

LITTLE ROCK (AP)—A New York consulting firm recommended yesterday that the State Medical Center here be made more independent of the University of Arkansas.

The report submitted to the Arkansas Legislative Council by Robert Boggs Associates said the center should be operated as an independent unit of the university by a full-time vice president for medical affairs.

The consultants' study of the Medical Center was financed through a grant by Winthrop Rockefeller.

Among other recommendations, the report suggested:

1. Faculty doctors be permitted to enter limited private practice.
2. No effort be made to revise the out-of-date 1937 Patient Quota but that clinics and counties pay a fair share of the cost of treatment of indigent patients.
3. The center admit private patients up to 30 per cent of capacity.
4. Expansion of intern and residency programs to include other hospitals in the state.
5. The number of Medical students be increased to 120, and in event of a lack of qualified state applicants, that up to 30 non-resident applicants be admitted.

Cotton Workers to Trial for Murder

NEWPORT, Ark. (AP)—A migrant cotton picker today awaited trial on murder charges (remains from a shotgun slaying here Friday night).

Carlos Vela, 38, of Brownsville, Tex., is charged in the death of Marion Hayes, 26, of Santa Rosa, Tex., another migrant farm laborer.

Blizzard Hits, Cripples North Plains; Arkansas Will Get Sub-freezing Weather Tonight

KANSAS CITY, Mo. (AP)—Blizzard conditions crippled the northern Plains today as a storm rolled slowly into Canada leaving much of mid-America covered with drifted snow, tornado litter and rain-swollen streams.

At least 10 deaths were attributed to one of the earliest major winter storms in Weather Bureau history—a turbulence that swept from Texas and Louisiana to Minnesota and Wisconsin, from the slopes of the Rockies to the Mississippi River.

The storm center moved into the Minnesota-Canada border overnight and was expected to pass into western Ontario by evening, resulting in diminishing winds and generally improving conditions over the northern Plains late tonight.

Heavy snow drifting was reported over the Dakotas and northwestern Minnesota, making road travel hazardous.

Temperatures dropped to 21 below at Alamogosa in south central Colorado, 12 below at Flagstaff, Ariz., and 6 below at Zuni, N. M., and Bryce Canyon, Utah. Low readings from Texas to Illinois were mostly in the 20s and 30s but the temperatures sagged to 7 above at Goodland, Kan., and 12 at Dalhart, Tex.

A band of rain and scattered thunderstorms stretched from the Gulf Coast in Texas to the Ohio-Michigan border, marking the advance edge of the cold air.

A few show flurries continued over the Rockies. Rain began moving into the Northwest again, with snow over interior of Washington and Oregon.

Unusually severe for this time of year, the storm deposited as much as 16 inches of snow Monday at Lemmon, S.D.

Generally the depths were six to eight inches across western Kansas. Throughout the blizzard area wind gusts of as much as 50 miles an hour whipped the snow into road-clogging drifts and made driving hazardous. Roads from Kansas southward, however, were generally open to travel.

In the Texas and Oklahoma panhandles the snow turned to sleet then froze again Monday night, making driving treacherous.

In Arizona the storm left two inches of snow on the desert, deposited 4½ inches at normally warm Tucson and 14 inches at Flagstaff.

Bone-chilling temperatures followed the clearing. The Mercury dropped to zero in northern Arizona and 10 below in northern New Mexico.

Tornadoes and high winds caused damage in Texas, Oklahoma, Kansas, Missouri and Iowa as the storm system approached. Scattered severe thunderstorms and possible tornadoes were forecast for an area from extreme southeastern Iowa to extreme southeastern Wisconsin.

Highway accidents caused three deaths in Missouri, two in Colorado and one in South Dakota.

High winds caused two other deaths. A Texas oil field worker was killed when winds blew over an oil rig near Odessa. An Oklahoma woman died when a high wind struck her chicken house. Heart attacks caused two deaths in the Oklahoma snow.

Quorum Court Delays Action Until Dec. 15

Hempstead Quorum Court met briefly yesterday but took little action before adjourning until Dec. 15th.

The group discussed a proposed bounty on crows and salamanders but delayed any action.

Final action on appropriations must await the annual school elections which will be held on Dec. 6.

All Around Town

By The Star Staff

A work order has been issued by the State Highway Department for the start of construction on a Hempstead County Federal Aid highway project.

The project begins at the east city limits of Hope and extends easterly for 2.538 miles to Rocky Mount.

It consists of grading, minor drainage and gravel base course.

The work will be done by the County on the \$39,570 job that was engineered by the State and will be financed jointly by the County and the Federal Government.

R. V. Wilkinson, resident engineer, will supervise construction.

Attention has been called to the fact that this is National Long Hauler Week.

Former Hope Resident Wins \$10,000

GLEWOOD — A Glenwood housewife won \$10,000 Monday night from a network television program.

Mrs. D. L. LaRue said she "almost fainted" when notified by telegram of the prize. She is the former Miss Mabel Schneider of Hope.

The program, "Anybody Can Play," offers awards to viewers at home who come closest to predicting the number of points contestants on the show will accumulate over a four-week period.

Mrs. La Rue said she guessed the final scores of three of the four contestants "right on the button, but I missed one by five points."

Friends deluged Mrs. La Rue with telephone calls when her name was announced as winner on the show.

A relative in Illinois also called and her two sisters and brother who continue to operate the Schneider Hotel in Hope also called.

Mrs. La Rue and her husband, a section foreman on the Missouri Pacific Railroad, have a son and a daughter, both married. Did she have any special plans for the money?

"Debts to pay," she said.

Fugate Girl Had Account With Slayer

LINCOLN, Neb. (AP)—Carl Fugate said today she once had a faint savings account with convicted killer Charles Starkweather.

The 15-year-old girl, who is on trial for first degree murder as Starkweather's alleged accomplice in one of the 11 killings attributed to him, told about the savings account during cross-examination.

She said about three months before the notorious killing tour, Starkweather brought her a signature card which gave her the right to draw money from the account. He explained he had been doing some drag racing and already had been involved in one minor accident. He said he wanted her to get his money if he should be killed, the girl related.

Carl said she never learned how much money was in the account.

Cross-examination of Carl was in its final stages today and the case is expected to go to the jury by Thursday. The girl's defense during the three-week long trial has been based largely on her own testimony.

Saenger Plays Bolshoi Ballet Tonight 7:45

The Rank Organization's color presentation of "The Bolshoi Ballet," which stars prima ballerina Galina Ulanova, will have its first American public performance at the Saenger Theatre on Tuesday, Nov. 18, with one performance only at 7:45 p.m. All seats \$1.00.

Filmed in London by director Paul Czinner by a multi-camera method designed by himself to capture the full theatrical impact of a live ballet performance, "The Bolshoi Ballet" was filmed exactly as performed for Her Majesty Queen Elizabeth II when the Bolshoi Ballet group of Moscow made its historic visit to the Royal Opera House, Covent Garden, in London last year.

Rules Man Shot by Wife Accidentally

MANSFIELD, Ark. (AP)—A corner's jury ruled yesterday that Elmore E. Elmore was shot accidentally by his wife early Friday.

Elmore, 47, was killed at his cafe here.

Coroner Maurice Harvey said Elmore's wife, Opal, testified that Elmore had locked himself inside the cafe. She said that she and her sister, Mrs. Elizabeth Elmore, broke a window in the front door to unlock it.

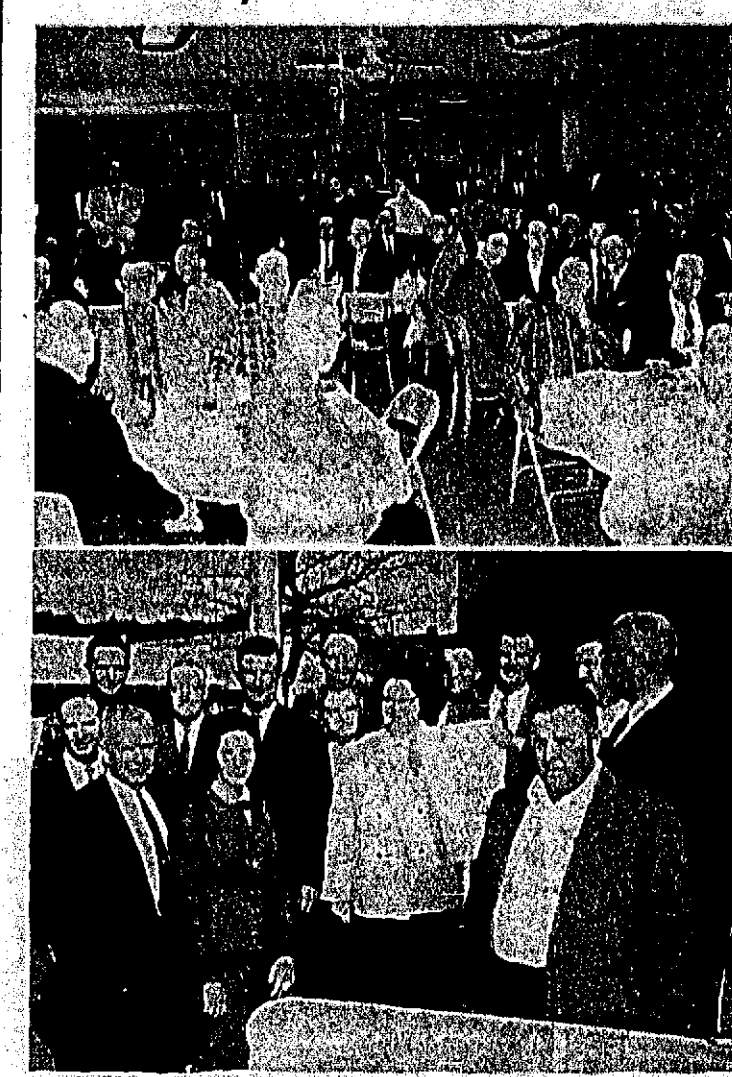

The wife said she then ran into the cafe and grabbed a gun on the counter, which fired accidentally.

Harvey said.

According to Arkansas State Police records there were 47 high way deaths in Arkansas during October.

Hempstead had eight deaths with one death. Howard reported three weeks. Lafayette six and Nevada two with no deaths.

Still Search for Pair in Missing Plane

FORT COLLINS, Colo. (AP)—Ground searchers trudged through bitter cold and snow, collocated mountains today toward what may be distress signals of two fliers missing since their C46 vanished in a blizzard Sunday.

The goal of the search party is four fliers, fashioned into the shape of an "L". The fliers were spotted late Monday by Lt. Col. A. Hunsucker, a student pilot at Lowry Air Force Base near Denver.

Because of the weather, Hunsucker was unable to fly his T33 closer to the fliers, pinpointed between two peaks 25 miles west of here.

The pilot of the missing cargo plane has been identified as F. L. Courrell of Nayward, Calif., and the co-pilot as Calvin Cloud of Napa, Calif.

Immediately after Hunsucker spotted the fliers, a ground party was dispatched into the area.

The plane, en route from Denver to Hill Air Force Base, Utah, left Denver early Sunday, little more than half an hour later, the pilot radioed that one of the two engines had failed.

The plane was the property of the Capitol Airways of Nashville, Tenn., and had been leased to the Air Force.

Barrel Blast Is Fatal to Youth

PARIS, Ark. (AP)—An explosion in an empty barrel that once had contained paint thinner killed a 9-year-old boy near here Sunday.

He was Jimmy Fisher, son of Mr. and Mrs. Everett Fisher of the Roseville Community.

The boy lit a match inside the 50-gallon barrel, and authorities said apparently lingering fumes caused the blast. Jimmy died of injuries en route to a Paris hospital.

Ruling in Spoilage Charge Is Appealed

LITTLE ROCK (AP)—Shaver & Son of Springdale yesterday appealed to the Arkansas Supreme Court from a Washington Circuit Court ruling requiring it to pay shipping costs on a spoiled truckload of grapes.

In a \$2,732 suit against Parsons Feed and Farm Supply Co., the Springdale firm contended that Parsons permitted a load of grapes — shipped by Shaver to Minneapolis — to spoil.

The grapes were refused in Minneapolis and returned to Arkansas, where they were salvaged and sold to a winery. Shaver asked for the salvage loss.

Parsons counter-sued and asked for \$10,000 added shipping charges. The circuit court jury awarded Parsons \$250.

Opposition in Only One School Dist.

Only one district in Hempstead County will have opposition for ballot posts when voters go to the polls in the annual school election on Dec. 6. No district is seeking a tax increase.

At Palmox Melvin Joy and Finis Odom seek post No. 1, while Portus Gilley and Arnold Middlebrooks seek post No. 2. There is no opposition for posts in other districts. Millage to be voted 27.

Hope I-A will elect Jud Martin for Post 1 and Norman Moore for Post 2. The millage is 35, the same as now.

Bellevue: Carl Jester is the only candidate for the board; millage is 37.

Hempstead 3: E. L. Gamble seeks board position; mills to be voted 34.

Spring Hill: Horace Phillips seeks re-election; tax is 30 mills.

Saratoga — 30 mills.

Washington: Joe Booker seeks post 1 and Milum Green, post 2; mills to be voted 34.

Gurnsey: Carl Self seeks re-election. Millage is 30.

Carl J. Martin is candidate for re-election to the County Board from Zone 3, Saratoga and Washington.

UAW Strikes the Bendix Corp. Plant

DETROIT (AP)—The United Auto Workers today struck Bendix Aviation Corp. in a contract dispute. At least seven plants with about 12,500 production workers were shut down by the strike.

Negotiations continued past the midnight start of the strike, then recessed at 7 a.m. after a marathon session of 21 hours of almost continuous bargaining.

The negotiators planned to resume talks.

E. M. Sconyers, federal mediator, said the negotiators had narrowed the dispute to a few major issues, but they are highly technical and of major importance to both parties.

The 12,500 UAW members on the Bendix payroll have been working under an extension of the old contract which expired last July. Bendix makes computers, missiles, aircraft and auto parts.

The walkouts were in plants at South Bend, Ind.; Detroit; St. Joseph, Mich.; Madison Heights, Mich.; Teterboro, N.J.; North Hollywood, Calif., and Los Angeles.

At a plant at Elmira, N.Y., the 1,000 UAW workers stayed on the job. Union spokesmen said they had not received strike notification from the UAW.

One obstacle to a settlement reportedly was a company request for a reduction in the money it pays for employee hospitalization insurance. The union is seeking improvements in pensions, unemployment, unemployment benefits and insurance.

Charges Racial Trouble Fault of Politicians

LITTLE ROCK (AP)—A labor official charged today that Little Rock's racial dispute had been stirred up by "certain self-seeking politicians for their own gain and to cover up some of their bad records."

Dan Powell of Memphis, District Vice director of the AFL-CIO's Committee on Political Education, told a labor meeting here that the union had been damaged by such political actions.

"Today it's prejudice against the Negro," Powell said in an address to the Arkansas State AFL-CIO's annual convention. "Tomorrow it's against the Catholic, the next day against the Protestant and the third day against the Jew."

Johnson, Nixon to Lead Rights Compromise

By JACK BELL

WASHINGTON (AP) — Vice President Nixon and Sen. Lyndon B. Johnson (D-Tex.) apparently are preparing to take the lead toward compromising an impending fight over the Senate's filibuster rule.

Nixon has told friends he is confident the present rule — which requires 66 affirmative votes to curb debate — is going to be changed as the first order of business when the newly enlarged Senate meets in January.

As presiding officer, the vice president has made it clear he will not in order to motion to adopt new Senate rules. In the past the Senate traditionally has carried its rules over from one Congress to the next.

Any such precedent-breaking decision by Nixon is certain to be appealed to the Senate and to be settled by a majority of its membership, raised to 90 by the addition of two new senators from Alaska.

The vice president evidently expects to go beyond such a ruling, however, and work actively toward some compromise that will make it easier to shut off the time-consuming talk which has blocked most civil rights legislation.

As an aspirant for the 1960 Republican presidential nomination, Nixon obviously is anxious to have a record of participation in any weakening of the filibuster rule.

Johnson, the Democratic leader in the Senate, has a big stake in preventing a party split on the issue.

Policeman Involved in Conspiracy Deal

BATON ROUGE, La. (AP)—A state trooper has been discharged and a brewery truck driver is being sought in connection with an alleged conspiracy to sell 16 cases of beer.

The FBI identified the truck driver only as Davis.

State Police Supt. John Nick Brown said yesterday he discharged Warren G. Allen, 29-year-old state trooper, of Slidell, La.,

and Jacob K. Javits of New York, have proposed a rule under which two-thirds of those voting — instead of two-thirds of the entire Senate — could curb debate immediately and 50 senators could end talk that went on beyond 15 days.

Also favoring this idea are Democratic Sens. Paul Douglas of Illinois and Hubert Humphrey of Minnesota, among others. These four served notice Monday they will battle any compromise that would fall short of an effective rule change.

Nixon is reported opposed to any provision by which a majority could put a gag on debate. He is said to feel this should be done only with the approval of two-thirds of those voting.

With the Senate likely to be about equally divided on that issue, the betline is that Johnson will come up with a compromise fairly early in the new session.

Legal Notice

The annual school election will be held by the qualified electors of the Hope School District No. 1-A of Hempstead County on Saturday, December 6, 1958, between the hours of 8:00 a. m. and 6:30 p. m. The electors will vote a school tax of 35 mills to be levied for debt service and general fund for the operation of schools of said district and for two board members to be elected for Post No. 1 for a period of three years and Post No. 2 for a period of three years.

The polling places in the district will be the same as heretofore designated.

would not discuss the reasons for her withdrawal.

The "state" candidates are Ted L. Lamb, Russell H. Mason Jr., Everett Tucker Jr., William P. Reeler and Mrs. Charles W. Stephens.

In other developments on Arkansas' balloting integration front — Alford, who unseated Rep. Brooks Hays (D-Ark.) in the Nov. 4 general election, reaffirmed his stand that the U.S. Supreme Court in its desegregation decisions has usurped power and infringed on "our traditional constitutional rights."

Rep. Owen Harris (D-Ark.), speaking at Jonesboro, asserted that Gov. Orval E. Faubus merits consideration as a Democratic presidential nominee.

And, the State Education Department began mailing transfer aid payments to school districts which have accepted students displaced by the governor's order closing Little Rock's high schools to avoid integration.

Alford addressed a Little Rock civic club. He said "we must take a firm stand, not an emotional stand, given to violence or lawlessness, but a firm stand that our traditional constitutional rights be preserved within and under the law."

Both Congress and the Supreme Court "must come to know the people are sovereign," he said.

Harris, in a "Dollars for Democrats" speech, expressed confidence that even though Alford ran against Hays as an independent, the congressman-elect would "be seated as a Democrat and given committee assignments as a Democrat."

Harris said Alford was elected by the Fifth Congressional District voters, "most of whom are Democrats."

There have been reports that an attempt would be made in the new Congress to seat Alford as an independent.

In his praise of Faubus, Harris said "I wish we had one in Washington that was as good and dependable. Gov. Faubus' dependability and leadership... and faithfulness to the Democratic Party... places him in a position for consideration by Democrats as President of the United States."

Education Department officials estimated yesterday transfer aid payments to Little Rock's displaced high school students will total about \$25,000 a month.

The latest school districts to apply for the aid, and the number of Little Rock students accepted, include:

Omaha, Boone County, 1; Lake Village, Chicot County, 3; West Side, Cleburne County, 1; Murfreesboro, Pike County, 1; and Truman, Poinsett County, 1.

Since only accredited schools are eligible for the aid, Little Rock's new private, segregated high schools cannot legally receive the payments at present.

W. C. Brashears, superintendent for the Little Rock Private School Corp., said the 850 students enrolled in the corporation high school would be able to complete 178 days of classwork by June 26. He said this would be six days more than the minimum time required for accreditation.

Brashears also announced the appointment of Mrs. Van Rice, retired principal of England, Ark., High School, as principal of the corporation school.

Named in a posthumous award was Ralph R. Jones, formerly coach at Lake Forest (Ill.) College and one-time Chicago Bears coach. Other coaches honored were A. W. Mumford, Southern University, Baton Rouge, La., and Clarence A. Klinghoffer, formerly of Central College, Fayette, Mo.

Players honored were Harlan Hill of the Chicago Bears and formerly of Florence (Ala.) State College; Alex Sanduck of the Baltimore Colts, formerly of Pennsylvania State Teachers College, Clarion; Leon Sanford of the Baltimore Colts, formerly of Louisiana Polytechnic College, Ruston, La.; and Tom Dorney, Kansas City, Kan., formerly of St. Benedict's College, Atchison, Kan.

The awards will be presented at the annual Football Hall of Fame dinner, St. Petersburg, Fla., on Dec. 10, the day before the NAIA's championship game in the Holiday Bowl.

Brown said Allen went into three establishments, told the bar operators that the truck was overloaded and contained more beer than had been charged to the driver.

One bar bought 10 cases, another 100 cases, and a third 500. The price was \$2 per case.

The driver has been missing ever since. The truck was found abandoned in New Orleans Sept. 2.

Allen's dismissal effective Nov. 1. He is subject to appeal until Nov. 21.

Another Union Man Takes 5th Amendment

By G. MILTON KELLY

WASHINGTON (AP) — Teamsters unionist Raymond C. Shafer took the Fifth Amendment today when asked by Senate racketers whether he engineered a wave of bombings, shootings and acid throwing in Texas labor disputes.

Shafer, business manager of San Antonio Teamster Local 457, was forced to listen to what the investigators said were secretly made recordings of his voice admitting involvement in a wave of bombings in 1954 and 1955.

Squirreling in the witness chair, Shafer refused to say whether he could recognize his voice in the secretly sounding recordings.

Texas Ranger Zeno Smith and Buck (Curly) Owens, identified one of the voices in the recordings as Shafer's discussing among others things the payment of \$1,410 to Owens for his admitted role in stealing dynamite for bombings and helping to plant the bombs.

Smith testified the Rangers had placed a hidden microphone in a room in which the conversations were recorded.

Shafer invoked the Fifth Amendment to questions 37 times in 27 minutes before the committee announced it would try to refresh his memory by playing the recordings.

Among other things, he declined to say whether Owens, a former henchman had told the truth on Monday in swearing that Shafer

Timid Student Has to Leave Biology Class

HUTCHINSON, Kan. (AP)—

"I'll never go back," said the words came from 15-year-old Anita Trotter, who walked out of a private high school because of a biology class experiment in which a kitten was put to sleep with ether and cut open.

"I couldn't watch, it made me sick," the sophomore at Central Christian High School said. "The cat kept screaming while the teacher made the incisions."

That was Friday. The girl remained out of school today.

Anita called Guy Miller of the Humane Welfare Assn. County Atty. John Alden said he also planned to look into it and would decide what action he would take.

Central Christian is an interdenominational private junior high school with an enrollment of 100.

The teacher, 35-year-old Irvin Jackson, a University of Richmond graduate, said the object was "to acquaint students with medical procedure and the tool of biology work." He said the experiment provided for killing the animal during the course of the project, and it was never in pain.

"We gave the animal ether before and during the experiment," he said. "The brain was deactivated, and the outcries were from muscular contractions."

A. W. Miller, assistant superintendent of the Hutchinson public schools, said dietary experiments are performed on lower forms of life in biology classes at the public schools, but that vivisection is

not to his knowledge practiced. "We've got to develop scientists," Jackson said. "In Russia they do these things in the granitic schools."

Shafer refused to answer included whether he had tried to induce Owens to use a silencer-equipped rifle to shoot other Roy L. Gilbert, a San Antonio truck line operator, or Gilbert's son, had ordered acid dashed in the face of constriking truck drivers and hidden gunmen to fire with rifles on trucks of Gilbert or others.

Boeing Wins First Leg of Jet Race

GANDER, Newfoundland (AP)

A Pan American Boeing 707 won the first leg today of a jet airliner race with a British Comet JV across the Atlantic.

The Comet left London Airport 31 minutes before the Boeing but the American airliner picked up 26 minutes behind the British plane.

The Comet, operated by British Overseas Airways Corp., is carrying 33 passengers; the Boeing is carrying 110.

The Comet later took off for New York, leaving the U. S. jet in the hands of mechanics trying to repair minor mechanical trouble.

ANNOUNCING THE FIRST LUXURY CARS WITH A CONSCIENCE: NEW GAS-SAVING MONTEREYS

New economy-powered Mercury Montereys let you "ride free" 10 miles in every 100

It's about time someone made a luxury car with a V-8 engine that delivers top performance on regular (not premium) gasoline. And Mercury's done it with this beautiful Monterey. You save 10% every time you stop for gas. You get more mileage with regular gasoline than many cars with premium. It's about time someone built a beautifully styled car that is truly comfortable. Mercury's done it.

For easier entrance, this Monterey has wider front doors than the costliest cars. The windshield pillar has been moved out of the way of your knees and elbows.

For extra knee room, the instrument

panel has been moved away from your lap. There's 9 inches more stretch-out comfort.

For extra comfort for center-seat passengers, the tunnel-hump in the floor has been cut in half. Passengers in the middle no longer ride with their legs doubled up. And the lower hump makes room for thicker seat cushioning—not just thin padding.

In a dozen ways, the '59 Mercury has made pleasures out of what are still problems in other '59 cars: New windshield wipers have an overlapping pattern, clear even the center. New aluminum mufflers last twice as long. New anti-dive suspension checks "nose dip" on sudden stops. Self-

adjusting brakes eliminate periodic adjustment. New Super-Enamel finish keeps its beauty—doesn't need waxing for years.

Best of all, these beautiful Montereys are attractively priced—well within the reach of 2 out of 3 new-car buyers. We invite you to see them at our showroom.

Woman Robbed by Hot Springs Pair

HOT SPRINGS, Ark. (AP)—Two men yesterday grabbed a young woman bank clerk on a Hot Springs Street forced her into an automobile and robbed her of about \$300 and several checks.

Mrs. Della Phillips, 26, told po- lice that one of the men threat- ened her if she screamed.

After the bandits let her out of the car in a residential area, Mrs. Phillips returned to the Arkansas National Bank and then was hospitalized for treatment for shock and facial bruises.

Mrs. Phillips told detectives that while she was making collections and delivering bank documents, an auto pulled up beside her. She said one man leaped out, grabbed her wrist and shoved her into the back seat of the car.

She said one of the men held a handkerchief over her face and pressed an object that felt like a knife against her side.

Ferrand-Bruce Vows Exchanged

In a simple ceremony on the afternoon of Nov. 14 at the home of the groom's parents, Miss Judith Kay Ferrand, daughter of Mr. and Mrs. Harse Vines Jr., was joined in marriage to David Larry Bruce, son of Mr. and Mrs. M. C. Bruce.

Dr. John H. McClannahan, pastor of the First Baptist Church, read the single ring ceremony before an improvised altar decorated with pretty garden flowers.

The bride wore a dress of white Jaquard, fashioned with an empire waist, three-quarter length sleeves and a scoop neckline. Rhinestone ear rings were worn to match the buckle on the dress. To com- plete her ensemble, she wore a white hat trimmed with sequins and a tiny veil.

Miss Joyce Lynn Ferrand was her sister's maid of honor. She was attired in a pink faille dress and her dark hat was in harmoniz- ing tones.

Charles Ferrand, brother of the bride, served as best man.

An out-of-town guest for the wed- ding was Mrs. June Paskevich of Ambridge, Pa., the maternal grand mother of the bride.

Mr. and Mrs. Bruce are now residing on E. Third Street in Hope.

DOROTHY DIX

Loafer Is Loafer Here or Overseas

Dear Dorothy Dix:

Would you help clear up my state of confusion? I've been in this country only three years but it didn't take me long to get used to this way of living. Though some things still mystify me, I fell in love with a young man here but am afraid to accept his proposal because he's American and I'm European. My friends say it won't work. What really bothers me is that we quarrel a lot and he can't hold a job. He sleeps late and slays home from work. We argue and then he won't go to work the next day either. So the whole thing starts all over. I tell him I won't marry a man I must sup- port and he says if he were a married man, he'd work. How can I be sure? We've been intimate several times, too. He says we're bound to get married some day, so why wait. That's another thing

we fight about. Is there any way to simplify the matter for me? — Geneva.

Dear Geneva: You have a re- markable command of the English language and write beautifully. You certainly deserve a compliment for the adjustment you have made to our language. Therefore, I'm sure you will understand the sim- ple situation up I shall present. A man who won't work is a loafer here and a loafer abroad. He has not the guts to buckle down and support a family, so what kind of a husband will he make? Sin, also is the same. There's no difference between the domestic and foreign brands. Look the field over, Gen- eva. We can offer a much better brand of man than the one you collected.

Dear Dorothy Dix:
I'm sick and tired of reading

about the show-offs in Hollywood who bring scandal to the whole city. These are the few, not the representative many. Hollywood is a fine town and most of the people in it are fine people, who- they are in or out of the movie industry. We read so much about the multimillioned and di- vorced people but very little is written about the fine, upright folks. Why don't we hear more about Ray Rogers and Dale Evans, Ann Blythe and her family, Irene Dunne, Dennis Day and countless others I could mention? — Faith- ful Follower.

Dear F. F.: I'm sure Hollywood will appreciate your defense. In any walk of life, in any place at all, it's the unusual that makes news. Since most people in Holly- wood, and elsewhere, are good- living folks, they just don't make headlines. These people are sub- jects of frequent write-ups, not only in movie magazines but in other publications. However, since they are just "good copy" and not sensational news, stories about them are in slower tempo. They do very nicely without the wrong

kind of publicity.

Dear Dorothy Dix:

For the past six months I have been going out with Lew. We've been very good friends but now that we're becoming serious his father apparently doesn't want him to go out with girls. After all, Lew is 26. When I go to his house, I'm treated like a very casual friend, but at all like Lew's girl friend. If we're out together and he sees his father, we duck. He says it's just to avoid argu- ments. Isn't this childish behavior for a man of 26? — H. R.

Dear H. R.: Unless you can in- spire your boy friend with enough confidence to stick up for his rights I'm afraid you're fighting a losing battle in this seat of the orange blossom. Bear in mind that Lew's father will become your father-in-law, if you marry. Use all your charm to win him to your side —now.

Dear Dorothy Dix:

My husband is a hard working, man, doesn't smoke or drink and, until recently, always had a plea- sant disposition. Now he's getting

so irritable that he hits me if I even ask him to pick up his cloths. I threaten to leave him and he tells me to go ahead. I'm actu- ally getting scared of him — Mrs. L. K.

Dear L. K.: Your husband is probably being frustrated by some- thing outside — at his job, for in- stance — and is taking it out on you. Try to win his confidence. Pick up for him until he recovers from his mood. Perhaps he just wants a little spoiling.

Picks Winners for State High School Games

By JOHN R. STARR
Associated Press Sports Writer
The football season is just about wrapped up and most of the little races in the state, but the games will remain interesting, because it's traditional rival time.

Menning the job of picking gets harder. When the championship isn't on the line, some of the dependable teams tend to let up.

That's why we're picking them this way:
Forrest City 19, Little Rock 14; So the end of the unbeaten streak for the Warriors. And we find out once again why Forrest City, which started with almost nothing this season, has become one of the state's most consistent football powers.

Little Rock Central 21, Blytheville 12; That means second place for Central a bitter pill after six straight Big Nine championships. Fort Smith 25, Capital Hill, Okla. 19; Blind faith in the Grizzlies, since we know about as much about Capital Hill as we do about the other side of the moon.

Hot Springs 28, Pine Bluff 7; The Trojans wrap up one of their better seasons. Pine Bluff nears the end of its longest, toughest one since 1935.
North Little Rock 31, Texarkana 14; The up and down Wildcats are up again. The downed Roarbacks don't get up.

Plus:
Fayetteville over Harrison, Springdale over Huntsville, Jonesboro over Wynne, Stuttgart over Searcy, West Memphis over Marianna, Morrilton over Benton, Russellville over Jacksonville, Malvern over Camden Fairview, Searcy over Arkadelphia, Camden over Fordyce and Hope over Prescott.

Arkansas Takes Cross Country Meet

FORT WORTH, Tex. (AP) — Sophomore Jan Ahlbert of Southern Methodist ran away from a 21 man field to win the Southwest Conference cross country run here yesterday in the sizzling time of 14:32 for the three mile run over dirt with hills golf course.
However, University of Arkansas captured the team title for the third straight year with a point total of 57 SMU was a surprising second with 47 points. University of Texas had 68 points to barely nip Texas A&M for third. The Aggies had 70. These were the only SWC schools to enter teams. Ahlbert, the 24-year-old Swedish import finished 29 seconds ahead of Joe Villarreal of Texas A&M, who was clocked in 4:26.5 for the first mile and 9:34.5 at the two mile mark.

Behind Villarreal came sophomore Jack Nelson of Arkansas, timed in 15:07 and his teammate, Tom Oakley who had a 15:15. Arkansas took the team title as Allen Renuick took seventh, Joe Benson, eighth and 11th and the defending champion, Ray Dyck of Arkansas, was 12th.

Ex-Greats to Play Saturday in Midwest

By DAVE DILES
Associated Press Sports Writer

DETROIT (AP) — Michigan no longer is champion of the West and the term "Spartan" is no longer its Michigan State.
For no matter what these two teams do in their final games Saturday, the 1938 season will be remembered as the blackest in the state's football history.

Michigan is one of the schools that made people say that the best college football in the world is played in the Big Ten. When Michigan State went big time under Blagie Munn in the late 1940s, the Spartans enhanced the state's reputation as the birthplace of champions.

Michigan's Wolverines have been playing collegiate football since 1879 and their upstate rivals started in 1896. Michigan has won more Big Ten football titles than any other school in conference history.

Unless Michigan defeats Ohio State next Saturday — and the Buckeyes are favored by at least two touchdowns — this will be Michigan's worst record in 23 years.

Michigan State is favored over Kansas State, and unless the Spartans come through with a victory, this will be their worst campaign since 1917 when they failed to win in nine starts.

Michigan's 2-51 record comes as no great surprise since most everyone predicted this would be an off-year for the Wolverines. Michigan says it is rebuilding and has promoted backfield coach Bump Elliott to the head coaching job, succeeding the retiring Bennie Osterbaan.

Duffy Daugherty himself said this would be another fine year for State, and Spartan followers

LSU Holds Top Spot, TCU Is in 7th Place

By JACK HAND
Associated Press Sports Writer

Louisiana State, the nation's only major college football team still unbeaten and untied, has opened up a wide lead in the race for the national championship in the Associated Press poll of sports writers and sportscasters.
With the season drawing to a close, a big vote of 183 writers and TV-radio men left LSU the unquestioned leader. Despite a close call at a 1-1 tie at Mississippi State, which LSU barely topped 7-0, the No. 1 team pulled 114 first place ballots.

Unless Tulane is able to upset Louisiana State in Saturday's finale, the Tigers will wind up with a perfect 10-0 record.

Auburn moved up to second place with strong support after its 21-6 victory over Georgia. Iowa, last week's runner-up, dropped to sixth after losing to Ohio State 38-28.

Army remained in third position after its 26-0 decision over Villanova. The Cadets, tied only by Pitt, still must beat Navy to finish unbeaten.

Oklahoma's decisive 30-0 thumping of Missouri moved the Sooners up to fourth place with 22 first place ballots.

Wisconsin held tight to fifth after beating Illinois, 31-12, and Texas Christian advanced to seventh, a step behind Iowa, by knocking off Texas 28-6.

Purdue clung to eighth off its 23-0 triumph over Northwestern and the Air Force Academy advanced a peg to ninth. Syracuse made 10th place by bombing Colgate 47-0. Mississippi, upset by Tennessee, skidded from seventh to 13th.

The top 10 teams, with first place votes in parentheses:

1. Louisiana State (114)
2. Auburn (21)
3. Army (12)
4. Oklahoma (22)
5. Wisconsin (87)
6. Iowa (4)
7. Texas Christian (64)
8. Purdue (8)
9. Air Force (48)
10. Syracuse (46)

Second ten: Ohio State (6) 426; Florida 208; Mississippi 197; Vanderbilt 164; Notre Dame 157; Clemson 152; North Carolina (1) 128; Mississippi State 97; California 85; Northwestern 76.

believed him. That is what makes Michigan State's 2-51 record so bad and now there is talk of a major split between Daugherty and Athletic Director Munn, the man Duffy replaced.

Even the University of Detroit, the state's third major college, has collapsed. The Titans announced a couple of seasons ago they were once again aiming for the big time, but they have a 3-4 record and reports are circulating that Coach Wally Fromhart is on his way out.

Spring Hill Cops Couple Off Garland

Spring Hill cage teams won 2 out of 3 games last night in the Garland Gym. Bobby Tompkins hit for 18 points to lead the Spring Hill Senior boys in a 45-29 win.
Coach Billy Mitchell's Senior girls edged out a 37-33 victory with Linda Galloway getting 26 points. Dorothy Nix scored 14 for Garland. Spring Hill Junior boys were edged out 22-20, with Ray Garner getting 8 for the losers. Spring Hill goes in Guernsey Friday night for 3 games.

Only Loss Can Keep TCU Out of Cotton Bowl

By WHITEY SAWYER
Associated Press Sports Writer

Win or Draw Saturday, and Texas Christian will go to the Cotton Bowl New Year's Day.

A victory will put the Southwest Conference championship on ice for the Horned Frogs. A tie with Rice would leave the two clubs tied for the lead. Then, even if Rice beat Baylor, its final foe, and TCU lost to SMU, they'd end up in a tie and TCU would get the bowl bid because Rice was there last year.

If Rice wins, something TCU Coach Abe Martin is worrying about, what happens the final week will decide the champions.

Martin said he expects Rice to be the toughest foe the Horned Frogs have faced all season and that includes the Big 10 champion, Iowa.

The Frogs ran through a light session Monday, mostly signal drills.

Rice also ran a signal drill but the Owls were driven indoors by rain. Both clubs were in good physical condition.

TCU is 4-0 in the conference and Rice is 3-1 after its startling upset by Texas A&M last week.

Southern Methodist, still stunned by the loss to Arkansas which dropped the Mustangs out of the Cotton Bowl race, took a short, light workout without pads. Coach Bill Meek said he was sick over the number of mistakes that his charges made against Arkansas.

SMU was expected to be at full strength for a consolation match with Baylor this weekend.

Baylor had fullback Larry Hickman and quarterback Buddy Humphrey in pads and in good shape after being slowed by injuries. Baylor had an open date last week.

Texas A&M, still swagging over its victory over Rice, took a couple of days off. The Cadets won't return to practice until Wednesday. A&M doesn't play again until it meets arch-rival Texas Thanksgiving Day at Austin.

Texas also rested while coaches sweated out plans for the Aggie game. It will be the final regular season game for each club.

Arkansas moved inside for its workout. Wet, chilly weather for-

Mort Cooper, Famed Card, Dies at 45

LITTLE ROCK, Ark. (AP) — Mort Cooper, fireballing Cardinals' right-hander who with his brother Walker formed one of baseball's top batteries in the 1940s, died here Monday at the age of 45.

Death was due to cirrhosis of the liver and staphylococcal infection. He had been a patient at St. Vincent's Infirmary for about three weeks.

Funeral home attendants said they understood the former St. Louis ace recently bought a home in Berryville, Ark. but had not yet moved his household goods from Houston, Tex., where he had lived for five years.

Mort, a 6-2, 200-pounder, won 128 games and lost 75 in a 12-year major league career, first reporting to the Cards 21 years ago.

In 1937, Cooper made the spring roster of the Cards. He didn't stick, however, until 1939 when he had a 12-6 record.

It was then that Mort began badgering the Card front office to keep an eye on another Cooper, named Walker.

Walker came to the Cards in 1940 and took over as the regular catcher in 1942.

Pitching to his brother, the big right-hander led the Cardinals to three straight pennants in 1942, '43 and '44. In these three years, Mort won 65 games and lost only 22.

In '42 Mort posted a 22-7 season and was named the most valuable player in the National League, beating out teammate Epos Slaughter. He hurled a complete game in every contest that he won and led the major leagues in shutouts with 10.

Although Mort appeared in three World Series, he won only 2 of 5 games. But one of those came in 1945 and was the only Cardinals decision as the New York Yankees regained the championship.

Mort allowed only six hits and beat the Yanks 4-3 in a duel with Ernie Bonham. Brother Walker caught the game. The Coopers' father had died that morning.

Mort spent eight years with the Cardinals. He also pitched for the Boston Braves, New York Giants and Chicago Cubs before ending his career in 1949.

Born at Atherton, Mo., Mort pitched for Houston in the Texas League and Columbus of the American Assn. before going to the Cards.

He had made his home at Houston the last five years where he was connected with a boys camp. Survivors include his wife and a son. The funeral will be at Independence, Mo.

Man Wanted in Robbery Gives Up

LITTLE ROCK (AP) — John Francis Kinney, one of two men charged in a \$12,000 North Little Rock robbery, surrendered in county officers yesterday.

Kinney, 47, previously was freed in St. Louis on \$20,000 bond pending a habeas corpus hearing.

Kinney and Charles Jefferson Hollis of East St. Louis, Ill., are charged with robbing William Bailey Ferguson at his North Little Rock home last Dec. 19. Both have unsuccessfully fought moves to extradite them to Arkansas, but Hollis still is in East St. Louis.

Attorneys for Kinney did not immediately disclose the strategy behind his sudden appearance here.

Circuit Judge William J. Kirby fixed bond for Kinney at \$15,000.

ed the Razorbacks to practice in sweat clothes as they prepared for Texas Tech at Lubbock Saturday. The Razorbacks were expected to be in good physical condition.

Texas Tech worked out without captain and quarterback Jerry Bell. Bell suffered a concussion against Tulsa last week, but is expected to be able to play this week.

Coach Dewitt Weaver, in between seasons of worrying about Arkansas' speed, said last week that he was "as good as" as long as Quin guides the Razorbacks. Weaver said he never had to worry about a first division ball club.

Warns Forming Third Baseball Loop Not Easy

MILWAUKEE (AP) — Warren Giles, let New York's ambitious planners in on "version of the facts of baseball life" Monday night.

Forming a third major league, said the National League president, "is easier to accomplish through a press release than actually getting the cities, parks and players."

Forming a third major league, Giles said, is easier to accomplish through a press release than actually getting the cities, parks and players."

At the same time, Giles apparently is in opposition to Commissioner Ford Frick's hopes for an expansion of major league baseball.

Baseball, said Giles, must "keep a small structure, rather than enlarging it and diluting it." Speaking before more than 500 persons at a testimonial dinner for General Manager John Quinn of the Braves, Giles added:

"If enlargement means dilution of our product, we are not keeping faith with the people."

Giles said he favored cooperation within baseball on all levels — in player recruiting, and if necessary, in the subsidization of the minor leagues to guarantee a supply of talent for the majors.

His views on a third major league were a follow up to an announcement by the New York Mayor's Baseball Committee last week that it planned to form a third league, either within the present baseball structure or outside it, raising the majors for players — in an effort to regain two-team status for the city.

Giles originally answered that announcement by saying he did not believe New York could retain a National League franchise by threats.

Frick is on record as being in favor of keeping New York open territory for a franchise in some subsequent expansion program.

On recruiting players, Giles said that "neither negotiating with the high schools, colleges and little leagues."

Quinn heard himself described as "a great guy and a real champion" by a host of National and American League club officials.

Fred Haney, Milwaukee manager, said he hoped that when his team came to leave baseball it can slip out of this game with the same respect and feeling baseball men have for Quinn.

Charles Grimm, former Milwaukee manager, said that as long as Quinn guides the Braves, Milwaukee will never have to worry about a first division ball club.

New Leader Takes Over in Sudan

By WILTON WYNN
CAIRO (AP)—Gen. Ibrahim Abboud took over today as premier and defense minister of Sudan. The Sudanese Radio announced the formation of a new cabinet headed by the 58-year-old army commander who led the coup that deposed pro-Western Premier Abdallah Khalil Monday.

Abboud's deputy, Gen. Ahmed Abdel Wahab, became minister of the interior and local government of the million-square-mile African nation that sprawls between the Red Sea and the Sahara. In the cabinet are seven army officers and five civilians.

Abboud issued a decree giving himself "full legislative, executive and judicial powers."

Abboud seized power in Khartoum, charging corruption and political instability. He ousted Khalil, dissolved Parliament and abolished political parties.

The general also named 12 officers, with himself as chairman, to a military council that becomes the armed forces' high command. This looks similar to the old Revolution command council that governed Egypt in the days after the overthrow of King Farouk in 1952 and led, about two years later, to the emergence of Lt. Col. Gamal Abdel Nasser as Egypt's leader.

Release of all politicians detained in the coup was announced in Khartoum, the Sudanese capital.

Without specifically mentioning Khalil, the army indicated he was at liberty.

The army command said all is quiet throughout the nation.

The Cairo press, controlled by President Nasser of the United Arab Republic said that the coup would not affect relations between Sudan and the U.A.R.

The newspaper Al Ahrar quoted American news agency reports from London that British experts thought the coup was to forestall any Sudanese concessions to Nasser.

Charges U. S. Planes Raided by Russians

WASHINGTON (AP)—The United States charged today that Russian fighters staged "dangerous and provocative" attacks against American planes 10 days ago over the Baltic Sea and the Sea of Japan.

A formal note demanded that the Soviet government take immediate steps to halt such interference with American aircraft.

The note warned that in the future "communist aircraft will be under instructions to take any defensive action which the yeomanry necessary and appropriate."

A State Department spokesman declined to say whether American planes would fire at such attacks.

The attacks came within five hours of each other Nov. 7 in the widely separated areas. The U.S. planes were flying what the State Department called "normal Air Force training flights over international waters."

In the Baltic attack, Soviet fighters fired twice at an American plane at an altitude of 33,000 feet. The note said the attack occurred 66 miles from the nearest Soviet territory.

The American plane withheld fire, the note said, even though "there can be no doubt that the objective of the Soviet fighter aircraft was to destroy the American plane without warning at a position far outside the Soviet frontiers."

In the case of the other U. S. plane, the State Department said Soviet fighter planes three times launched "simulated attacks." This involved fighter planes veering toward the American plane crossing in front of it sometimes only 100 feet away.

This attack came, said the note, over the Sea of Japan 64 miles from the nearest Soviet territory.

Court Refuses TV Protest

WASHINGTON (AP)—The Supreme Court refused today to hear a protest against the transfer of two television channels in St. Louis.

The court's action let stand an order by the U.S. Court of Appeals here dismissing an appeal by the St. Louis Amusement Co.

St. Louis Amusement was one of five applicants for a permit for channel 11 but did not take part in hearings and was held in default. The Federal Communications Commission awarded the permit to Columbia Broadcasting System.

Appeals from this ruling were taken by 220 Television, by St. Louis Telecast and by Broadcast House, which also were applicants for Channel 11.

No Confirmation on Malenkov

MOSCOW (AP)—No comment has been obtainable from official sources here on a report published in New York to the effect that ex-Premier Georgi Malenkov has been shot dead.

There was some speculation

ing to kill me."

"Oh, my dear?" His voice was full of sympathy, full of understanding for her. His kindly eyes seemed to look deep down inside her. But she knew that he didn't believe her. He thought it was her childish imagination.

She said, "But it's true, That's why I want you to come over this afternoon." But it was no good. She could see that his attention had skipped on over her fantasy to matters of greater importance, greater reality—getting to church—having Dr. Troslove to lunch.

She was scarcely even disappointed; she had known that he wouldn't believe her. It didn't make any difference.

He gave her his vague, unconcentrated smile, and said, "Well, we'll see. Goodbye for a little while, anyway."

"Goodbye."

She stood and watched while he went down the gravel driveway to the garage. The car spluttered as he started the motor, and he backed it out, swung it around, waved to her, and drove away.

The sun was a line of light directly above her now, beating hotly on the top of her head. It was a real summer day. All the traces of the storm were gone; the rain had only left a momentary illusion of coolness, of the first tinge of autumn in the air. Autumn was still a long way ahead of them.

The waves rolled up onto the beach, sighed, slid out again. Through the open kitchen window came the sounds—distant, domestic, sleepy—of Jill clanking pots and pans and humming to herself.

Katherine then started slowly across the grass toward the trees, dreading, thinking now that she was on her way home. Why was it so hard to hurry, anyway? I should have stayed and talked to Jill. Maybe I could have helped her with the lunch.

She didn't want to go home. Her feet carried her forward of their own volition, reluctantly, against her will. But where else could she go? No, of course, she had to go home. She had to find the piece of paper.

And at that moment she came out of the woods onto the wide stretch of lawn. The house, long and white and handsome, lay before her. Its windows gleamed innocently in the sunlight.
